CALIFORNIA 911 SYSTEM

CA 911 Outages		
Northern California	Central California	Southern California
No 911 Outages	No 911 Outages	No 911 Outages

9-1-1 Outages/Remote/Community Isolations

Remote Office Isolation, Trinity Center and Minersville, Trinity County (Final)

On 01/06/20 at 0900 hours, the CA 911 Branch advised the California State Warning Center that Happy Valley Telephone Company (TDS Telecom) is currently experiencing an outage impacting all local and 911 calling at the Trinity Center and Minersville remote offices. The suspected issue appears to be at the radio link from AT&T to the area. TDS is in the process of locating the correct resources from AT&T to begin testing.

- As of 01/06/20 at 1305 hours, TDS Telecom advised the outage has been cleared. TDS conducted test calls and confirmed everything working normally.
- Time Outage Started: 0800 hours
- Time Outage Reported: 0829 hours
- Time of Resolution/Restoration: 13:05 PDT
- Total Outage Time: 5 HRS, 5 MIN
- Jurisdiction Affected: Trinity County Sheriff Notified
- Reason For Outage: Radio link from AT&T to the area failed.
- Wireless 9-1-1 Calls Impacted: No
- Wireline 9-1-1 Calls Impacted: No, 467 Access Lines are now operational.

Service Interruptions

- None reported.

WEATHER OF CONCERN

NORTHERN CALIFORNIA

- Nothing significant to report.

SOUTHERN CALIFORNIA

- Nothing significant to report.

Active Weather Warnings, Watches and Advisories by County:

- <http://www.wrh.noaa.gov/hazardSummary/?state=ca&bycounty=1>

WEATHER KEY POINTS

01/07/20 - 01/13/20

Tuesday

- Moderate north to northeast winds (Santa Anas) will linger through Tuesday morning across parts of southern CA.
 - Maximum wind gusts around 45 mph are expected Tuesday morning, before tapering off through the day

Tuesday Night-Thursday

- A series of storm systems will begin moving through the state, with the first one across the northern half of the state Tuesday night into Wednesday, and then a second storm moving south through most of the state on Thursday
 - These storms will bring light valley rain and mountain snow, with no significant impacts expected

Friday-Monday

- After a break for most of Friday, additional storm systems will move through primarily northern California over the weekend and into the beginning of next week, bringing mostly valley rain and mountain snowfall
 - Periods of travel impacts are possible in the mountains due to accumulating snowfall, primarily in Inland Region

CALIFORNIA WEATHER IMPACTS

Cal OES LAW ENFORCEMENT MISSIONS

Cal OES Law Missions

- **2020-LAW-8638 01/07/20 at 0155 hours**, received an email from CSWC regarding a SPOT device activation in Riverside County at coordinates 34.017052 / -116.160572. The coordinates were within Joshua Tree National Park. **0210 hours**, contacted IERCC and confirmed device activation information. **0213 hours**, contacted Joshua Tree National Park dispatch and notified them of device activation. They confirmed park rangers and an ambulance were responding to a report of a subject having convulsions at that location, which was in the Hidden Valley Campground, camp 34. **0250 hours**, Joshua Tree National Park dispatch center advised medical personnel transported subject to Desert Hospital in Joshua Tree. **Mission Closed.**

Cal OES MISSION TASKING

Cal OES Missions

- None reported.

Cal OES

GOVERNOR'S OFFICE
OF EMERGENCY SERVICES

Mission:

We protect lives and property, build capabilities, and support our communities for a resilient California.

We achieve our mission by serving the public through effective collaboration in preparing for, protecting against, responding to, recovering from, and mitigating the impacts of all hazards and threats.
